

## Local Care Record Development Board HTMC Clinicians Questionnaire 28<sup>th</sup> March Comments

1. Please circle which of the following best explains how easy it was for the practice to exclude “Data that is likely to cause harm” from the records.

no idea

2. Please circle which of the following applies to identifying third party data in records.

no idea- they are still in there aren't they?

4. Please tick which of the following best explains how easy it was to oversee the checking of the content of the record for sharing with the patient.

i haven't been doing any

5. Please give further explanation in the box below

- i encourage patient access by asking them to get forms from clerical team or i get their email address for katie to contact them- i have had no further contact with the system
- Not really been involved with the processes for records access ie checking contents of records before sharing with patient or excluding data.

6. Please use the box below to make any suggestions about ways in which the system could be improved:

Training for staff as to how and what the patient actually sees when they access their records.

7. Would you recommend patient record access to a fellow practice?

the patients love it
